

Community participation in Caldwell School District No. 132 is important for improving the quality of education for the students. Therefore, the board intends to make every effort to identify the desires of the community and to be responsive to those desires.

Patrons of this district are encouraged to express their ideas, concerns, and judgments through:

1. Written suggestions or proposals;
2. Presentations at public hearings;
3. Responses to survey;
4. Comments at meetings of this board; and
5. Service on citizens advisory committees.

The advice and the concerns of the public will be carefully considered. In evaluation of such advice, the first concern of this board shall be the educational program as it affects students.
