

The Golden Age Activity Pass is issued by the Caldwell School District No. 132 to residents of the Caldwell School District who are 65 years of age or older. This pass will admit persons free of charge to activities sponsored by the Caldwell School District. The pass cannot be used for district, regional and state tournaments and other special events sponsored by the Idaho High School Activities Association.

Eligible persons may obtain the pass by completing an application at the Office of the Superintendent, 1101 Cleveland Boulevard, Caldwell, Idaho. Proof of age is determined from the applicant's driver's license.

The pass is issued to community residents 65 and older in appreciation for their many years of support for school district academic programs and extra-curricular activities. It is hoped that the pass will encourage eligible residents to continue to attend events and activities in which they are interested.
