

Verification of Safety

I understand the Caldwell School District is responsible for the health and safety of the students who attend their schools. In order to assist in the maintenance of a safe school environment, I affirm that myself and all employees who will be on the school premises or at school activities at times when students are present have undergone a criminal history check as described by Idaho Code Section 33-130.

The criminal history check has included but is not limited to the following:

1. Statewide criminal identification bureau;
2. Federal Bureau of Investigation (FBI) criminal history check;
3. National crime information center; and
4. Statewide sex offender register.

I will be required to provide the district upon request proof of a completed background check(s) and the results of such completed background check(s). I understand the district will not allow any person on school grounds that it determines compromises the safety, property, and/or morals of the students and district personnel may be compromised.

Attached is documentation as to how our company addresses the following:

1. Accountability for theft;
2. Alcohol/drug free work place; and
3. Random drug testing.
