

Every effort will be made to enroll all students at Caldwell Senior High School on a full time basis. Only those students who can show that this is an impossibility will be considered for enrollment as a non-traditional student.

Non-traditional student status shall be defined as a student that cannot maintain a full educational day. Students may be identified by certain criteria or by recommendation of a committee composed of the principal, vice-principal, and a counselor.

Non-traditional student status will be awarded on a semester basis and must be renewed at the start of the next semester.

The following criteria will be used to identify non-traditional students:

- a. A student parent where child care interferes with a normal school day.
- b. A fifth-year student who needs less than 6 credits to graduate.

ADOPTED: December 17, 1991
