

The Caldwell School District will establish, under the direction of the district curriculum coordinator, a basic curriculum guide for all subject areas, grades K through 12, by the earliest possible date. The curriculum guides will be developed with teacher input and they will be subject to periodic review. Established, as a goal, is the employing of teacher consultants during the summer months to develop curriculum guides and materials.

The Caldwell School District will provide release time during the school year for the purpose of planned faculty workshops in each curriculum area.

This policy is the result of joint C.E.A. and Administration Committee action and must be returned to a similar committee should it ever be reconsidered for change.

REVISED: December 15, 1994
